Hind Quarter Cuts

Health Benefits : Hind Quarter cuts are excellent source for vitamins, iron, calcium, zinc, potassium, B12 and selenium.

- **Topside** : We offer the topside buffalo meat from the muscle of the inside leg with highest quality of animal fat . It is most suitable to slow fry and can be roasted as boneless joint.
- **Silver Side**: Silverside supplied by us is cut from the muscle outside the thigh and buttock. Silverside can be roasted and has low cholesterol.
- **Rump Steak**: Rump Steak offered by us is used for making kebabs. It can also be grilled.
- **Strip Lion** :Strip lion also known as the shell lion. supplied by us is rich in protein and has a superior flavor. They make healthy and perfect steaks

Fore Quarter Cuts

We offer well frozen fore quarter cuts that are graded according to their visual lean and are of hygienic fresh quality.

Health Benefits : Fore quarter cuts are excellent source of vitamins, iron, calcium, zinc, potassium, B12 and selenium.

- **Chucks** : Chucks also known as square cut chunks are cut between the 5th and 6th rib plate, briskets and shank. Chunks offered by us are low in calorie, cholesterol but are rich source of iron.
- **Brisket** : Brisket is the straight cut passing between the 5th and 6th rib by a right angle to the chunk.
- **Neck** : Neck supplied by us have long shelf life and is one of the fine part of meat. It is separated from from blade, cross rib and shoulder and contains large amount of fat.
- **Shin** : Shin is one of the economical buffalo meat offered by us. It is ideal for making the stews and casseroles.

Thanking You
Warm Regards
